## **QUALITY POLITICS**

INFAMOL is an injection mold's maker company.

Due to the current market situation, INFAMOL is aware that the quality for the products and services are one of the most important strategists factors. They contribute to the improvement of our competitiveness at the market and they represent a guarantee for the continuity and future of the company.

The values that will govern the management of the company and the achievement of its objectives are the following:

- ✓ Ability to change in the face of new market and customer needs in order to meet their expectations, taking into account the risks and opportunities detected.
- ✓ Keep innovative thought and attitude and continuous improvement.
- ✓ to guarantee and to measure the quality of the manufactured products.
- ✓ Comply with the legal and regulatory requirements that affect the quality of the product, as well as the requirements of our customers and stakeholders.

This politic is available and it is communicated to all the members of the organization as well as to the interested parts
